CAMPAIN FUND RAISER.

New York, Sept. 7.—The Journal in an editorial this morning says it feels that the meager campaign fund with which the Democratic national committee ought to be increased and to that end the paper calls for popular subscriptions, to encourage which the Journal offers, until further notice, to give a dollar of its own for every dollar intrusted to it by the people.

A Pleasant Evening.  
Pembroke, Sept. 2.—On Tuesday evening, Sept. 1st, at the hospitable home of Dr. J. R. Paine, an entertainment was given by his beautiful and accomplished daughter, Miss Alma and Ruth, in honor of their guests, Misses Keese and Williams. About 8:20 o'clock the fair daughters and gallant sons began to assemble on the scene of pleasure. In a short while the large and spacious residence was well filled with the gay and happy throng, all seeming to realize that a good time was in store for them, and we feel sure that their most sanguine expectations were realized. To say we drew his conclusion was one long to be remembered by all present.

70,000 MAJORITY.

THERE STOOD ARKANSAS IN LINE FOR SILVER.

Largest Vote Ever Pollt in the State—Cleveland's Plurality Was 46,000, and Majority 28,000, Gain of 40,000.

Little Rock, Ark., Sept. 8.—The Democracy of Arkansas yesterday achieved what the party leaders regard as the greatest victory in the history of the State. Never before was such a large vote polled in the State. Conservative estimates, based on partial returns received, now place the total vote at 165,000, and give Jones, for governor, a clear majority over all opposition combined of from 60,000 to 65,000. The figures are coming in slow and many enthusiastic Democrats claim that when the back counties are all in, Jones' majority will run above 70,000. Many counties in Arkansas have no telegraph station, and it will be several days before the official returns are all in.

A SHAMEFUL EXHIBIT.

The Cincinnati Enquirer Answers a Bond Inquiry.

Fowler, Ind.—What are the dates of the different bonds issued under Cleveland's Administration, giving the amount of each issue?

THOS. H. CONDON.  
The first issue of bonds during President Cleveland's Administration was dated February 1, 1894, and was for \$50,000,000 of 5 per cent. ten-year bonds. The second issue was \$50,000,000 of 5 per cent. ten-year bonds in November, 1894. On February 8, 1895 the infamous contract was entered into with the Belmont-Morgan-Rothschilds syndicate, by which it was awarded \$62,000,000 worth of bonds at 104 1/8. These bonds bear 4 per cent. interest and are payable 30 years after February 1, 1896. The last issue was of \$100,000,000 on February 5, 1896, bearing 4 per cent. interest and payable in 30 years.

The reason we call the Belmont-Morgan-Rothschilds contract "infamous" is because it permitted the syndicate on an issue of \$62,000,000 of bonds to clear a profit of about \$9,000,000. There is no guess work about this. It is a matter of simple calculation.

The syndicate sold to an inside syndicate at 112 1/2 and this second syndicate sold them in the market at 113. Thus we have:  
Face of loan (\$2,000,000 ounces at \$17.80)..... \$35,600,000  
Premium paid by syndicate (104 1/8)..... 2,800,000  
Total received by Treasury..... \$38,400,000  
Syndicate's profit at 112 1/2..... \$2,800,000

Price paid by inside syndicate \$70,700,000  
Inside syndicate's profit at 119..... 4,050,000  
Total United States Treasury..... \$74,750,000  
Profit on transaction..... \$4,950,000  
Is it any wonder that representatives of Wall street went to the Indianapolis convention and procured a platform that would render more bold issues a necessity in the future? Could they do less than to put into that platform a eulogy on President Cleveland for his "sturdy persistence in holding up the credit and honor of the nation," when Cleveland's action put \$9,000,000 into the coffers of Wall street bankers?

THE LEGISLATIVE VACANCIES.

Elections Ordered by Gov. Bradley to Take Place in November.

Frankfort, Ky., Sept. 8.—Elections to fill the vacancies in the Legislature were ordered by Gov. Bradley to-day, to take place at the regular November election. Successors to Senators Nell and Landes and Representatives R. N. Moss, Cy. Brown, Wood Dupuy and W. E. Walker will be elected and if L. T. Worthington will order an election to fill the vacancy caused by Senator Wessinger's death when he comes here next week.

ON TO HENDERSON.

GREAT CROWDS WILL GO TO HEAR THE NEXT PRESIDENT MONDAY.

Hundreds of People Will Go To Hear Bryan Speaking From This Section of The State.

The indications point to a great crowd of excursionists from this city Monday to hear Mr. Bryan speak at Henderson.

Both railroads offer the same low rate of \$1.50 for the round trip.

The O. V. train will leave at 5:20 a. m. and leave Henderson returning at 5 p. m. A special will be run out 50 miles from Henderson to keep the regular train from being crowded. The regular L. & N. train will leave at 9:53 a. m. and a special will leave at 8:40 a. m. and return at 5 p. m.

The Bryan club will meet to-night and it is desired that as many as possible of those expecting to go make known their intentions at that time. At least 200 of the 600 members ought to go and hundreds of other Democrats from all parts of the county. The crowd at Henderson will be the biggest ever seen in Western Kentucky. The speaking will be held in the city park and 15,000 people can get within hearing distance of the stand. Mr. Bryan will then leave for Louisville in the special car of President Attila Cox, of the Texas road, placed at his disposal, and will make several speeches on route to Louisville at important stations. He will be spoken at three different points in Louisville Monday night.

DAVE SMITH NOMINATED.

Elizabethtown, Ky., Sept. 8.—Hon. D. H. Smith, was to-day nominated for congressman by the Democratic convention. On the 10,000th ballot Smith threw his vote to Murray. Sweney withdrew, saying it was final. But before the result was announced Sweney's friends demanded a recapitulation. The names given, but before the announcement was made Smith's friends changed back to him. The chair decided that no changes should be made after the recapitulation and before the result was announced, an appeal was taken. It was sustained, Murray and his friends claimed that the vote was counted by the vote as recited and that there should have been no changes after the recapitulation. Fifty three yelled out of the convention.

The vote stood Smith 112, Murray 6. necessary to nominate 89 much had feeling for the end of the long struggle.

New Jersey In Line.

Trenton, N. J., Sept. 7.—The Democratic State convention called to-day. The sentiment everywhere was for silver, the men for the most part having no contest at the primaries.

The platform which was adopted interposes the platform and call of the Democratic National convention held at Chicago.

FOR JUDGE COURT OF APPEALS,  
**JAMES D. WHITE,**  
OF BALLARD.

WE DEMAND the free and untimely coinage of both gold and silver at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender equally with gold for all debts, public and private.—Democratic National Platform, 1896.

Free coinage means that silver and gold bullion shall be coined without charge by the United States mints.

Unlimited coinage means that all gold and all the silver present in the United States mints shall be coined into money.

The ratio of 16 to 1 means that the silver coins of pure silver in a number shall be sixteen times the gold dollars of pure gold.

By a full, when a debtor owes a man that silver to a creditor, either gold or silver, the creditor is to sum what same and discharge to accept from its liability.

Mr. Bryan was formally Tuesday of his nomination by silver party. He met the committee at his home in Lincoln, Nebraska.

Alabama 50,000, Tennessee 27,000 and Arkansas 70,000 have started the ball rolling toward silver restoration. Vermont and Maine together are not equal to the smallest of these three. The dog will wag the tail this time.

Two more sermons fell from the pulpit this week. One was killed and the other badly hurt. This makes five fatal accidents in half as many weeks. Ballooning is getting to be about as dangerous as sailing a man a liar in Kentucky.

Able-bodied negro men were beggared on the streets of Hopkinsville a week, claiming that they were dashed to nothing to eat. And yet the fatal but are nearly all goldbugs country with the existing standard price.

With character, Elvira Sydnor, wife of a Louisville female chorus, told her drummers in those days of silver—she will reduce the price of the things by Bry—

to care this A. H. ree rising hundreds of people and the walls of cents couve by her husband party a deserve.

The Waterson club, the leading Democratic club of Louisville, at a meeting Tuesday night, endorsed Bryan and Sewall and Brown for Congress in the following strong language:

"Resolved, That the Waterson club hereby heartily affirms, ratifies and endorses said nominations and pledges its best efforts to secure the election of said nominees."

The goldbug members are doing some talk kicking and threaten to bolt the endorsement. The Louisville Democrats are making a game fight and deserve success whether they win or not.

Fusion arrangements have already been entered into between Democrats and Populists on the electoral tickets in California, Colorado, Idaho, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, Oregon, South Dakota, Utah, Washington, Wisconsin and Wyoming. The same is likely to be done in Kentucky, New York, Pennsylvania and West Virginia, Connecticut, Delaware, New Hampshire, New Jersey and South Carolina will have no Populist tickets. In all other States not mentioned above there will be separate tickets.

One of the new school books placed on the market this year by the American Book Company is a History of Kentucky by Elizabeth Shelby Kinlead. It contains about 800 pages and in the preparation of the book an attempt has been made to relate the events of practical every day life, in such a manner as to make the study of history a pleasure to the pupil. Our thanks are due the publishers for a copy.

Four Republicans of State reputation, two of them judges of the Court of Appeals, are ready to declare themselves for Bryan and Sewall on the free silver issue. They are Judges George DuRelle and B. L. D. Guffy and Lawyers David W. Fairleigh and Matt O'Dorothy. Hopkinsville has some of the same sort.

It was scarcely necessary for Vice President Sherman to announce that he will support the Democratic ticket. Like the true and faithful Democrat he has always been, he is ready to do his duty to his party, and stands like an oasis of loyalty in the desert of treachery that characterizes the present administration at Washington.

A negro orator at the court house Saturday night declared:

"There are two kinds of dimmercrats this year—one kind is fighting us and the other kind is helping us. The dimmercrat that's helping McKinley is all right and if we treat him right he may come over and be one of us."

The State election in Maine next Monday will be the last to be held prior to Nov. 3. The Democrats are not claiming the State, but they are putting up a fight and expect to hold the Republican majority down to its normal figure of 28,000 and may reduce it to some extent.

Gov. Bradley has ordered special elections to choose successors to Senators Lundes and Representative era, in this county. The Democratic committee should take steps at this time to-day to make nominations for a positions. This is a great year.

Jesse R. C. and the People's California, has already endorsed as the Populist Gov. Grant's son in the Democratic nominee.

Senator Hill is one of the delegates from Albany, N. Y., to the state convention, instructed to support Bryan and Sewall and a free silver resolution.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, have proven catarrh to be a constitutional disease and therefore requires a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. The Courier-Journal, passed by in its daily course, has been passing down the following course:

"1. That the demoralization of the year, which has prevailed in the United States and in Europe, is the effect of advancing the value of gold about 40 per cent."

"2. That this has been accomplished by depressing the value of all other property to that extent."

"3. That about 40 per cent of the property and producing resources of the people have thus been transferred to a comparatively small class of men whose stock of trade is gold investments."

"4. That in the exact proportion as gold has risen the burden of debt and taxation has increased, and that in proportion as property and labor have declined the capacity of the people to pay their debts and taxes has diminished."

"5. That the silver discount is creating a bonus of more than 30 per cent in favor of the farm productions of India and Asia, which to that extent cheapens the wheat, cotton and various other products of the United States."

"6. That these lamentable conditions have been produced by anti-silver legislation."

"7. That they can be undone and prosperity restored by pro-silver legislation."

"If any newspaper in New York or Boston or Chicago or Philadelphia or St. Louis or Cincinnati or New Orleans can successfully controvert either of these propositions, it will render the public valuable service by doing so at once."

"If they cannot controvert either of these propositions they are obviously conniving at a gigantic fraud and wrong which cannot co-exist with any degree of prosperity."

Sam Jones is out in a letter threatening to take the stump in Georgia unless all the parties unite in a demand to purify the ballot. Will the gentleman accept an amendment to include the pulpit in his motion?

Gen. Geo. C. Black has declined the Democratic nomination for Governor of Illinois, giving as a reason that investigation has shown him that he would have no chance of election.

Charlie Wheeler met Thomas, the Republican nominee for Congress, in Cadiz Monday, and did not leave a good spot of him.

There are 2,000 colored voters in Lexington and Fayette county and 150 of them have joined the Free Silver Club in Lexington.

Condition of Crops and Stock September 1, 1896.

The report for September 1 consists of replies from 146 correspondents, representing 101 counties.

## CORN.

The corn crop is matured, with late crops materially damaged by late drouth. Late corn will be not only deficient in quantity, but inferior in quality. Much of it is loose on cob, a feature that many attribute to injury from "chinch bug." This insect is reported as still present in great numbers.

Corn cutting is now well under way, and with the drying conditions now prevailing, will be complete in three to five weeks in advance of the usual period. On the whole the crop may be set down as decidedly short of crop of 1895, this too, in the face of the fact that a number of counties report the best crop ever raised. Answers to question "Normal yield per acre" give an average of 29 bushels, while the answers to question "Yield per acre indicated" give an average of 31 bushels per acre.

## TOBACCO.

It is estimated that three-fourths of the tobacco crop was housed prior to September 1st. The remarkable features are the early housing of the crop and the unanimity of reports of damage by worms. The crop is reported fine in the counties between Louisville and Cincinnati, and south of this as far as Fayette, but, this exception, the damage reported from worms, hot and dry weather is appalling. In only the counties of Grant, Greenup, Madison, Pendleton, Robertson and Carroll is there no mention of damage to crop, while in many of the tobacco growing counties the loss is estimated at two-thirds. Replies to question "Yield per acre now indicated" give an average of 788 pounds per acre.

## HEMP.

The hemp crop was mainly cut prior to September 1. The fibre is reported of good length, though there is some complaint of it being "flaggy."

## PASTURES.

Pastures in the west and south central sections show the effect of the hot, dry weather that prevailed during the month. In some counties the change from an usually exuberant growth to a dry and parched condition in so short a time is quite phenomenal. However, a good general average condition is shown in the percentage, being 94.

## LIVE STOCK.

A large majority of correspondents report live stock in excellent condition. There is a notable absence of the month of complaints of annoyance from flies. Less than the usual amount of hog cholera is reported. Cattle are scarce, the supply of that animal being "feebly" in short of a demand, and, as compared with the average year, is 82 per cent. The production of horses and mules has fallen off until the percentage of horses and mules foals this year, is but 60 and 55 per cent respectively.

## MISCELLANEOUS.

The season has been the most favorable of late to fall planting. The amount of seed, as compared with an average year, is but 63 per cent. A number of correspondents report a disposition to curtail the acreage of wheat, owing to the presence of the "chinch bug" this season and apprehension of its continuance next year.

## Obituary.

Died, on the morning of August 5th, Archie, the infant son of Joseph A. and Susan B. McCord; aged ten months and five days.

He had been sick about two weeks with brain fever and several other almost fatal diseases. All the skill of those who surrounded his bedside was administered but to no effect. On the morning of Aug. 5, just before the break of dawn, after a night of intense suffering, the sweet, young bud of life closed its petals to unfold again in Paradise.

"It's only a little grave we're said, 'Only a little child that's dead,' And so they earnestly turned away From the mound the spirit had made that All they did not know how deep a shade (day) That little grave on a home had made."

"Tis a little grave, but oh, beware, For the world with wings are hurried there, And ye perhaps, in coming years, May see, like them, through blinding tears How much of light, how much of joy Is buried with an only boy."

Cockran's Insult to Farmers.

"Will you submit to this conspiracy between the professional farmers, the farmers who cultivate the quarrels of their neighbors, farmers who labor with their jaws, Populist agitators of the West and unreconciled slaveholders of the South? This is a conspiracy between professional farmers who want to pay low wages, and the unreconciled slaveholders who would like to pay no wages at all." (Extract from the speech of Bourke Cockran, delivered in New York, Aug. 18th)

Sensational Scene in a Sermon By Rev.

New York, Sept. 1. -The most a riot in the city of New York, the Rev. Thomas Dixon, a sermon on "The

Many persons in the congregation offense at the preaching of Dixon, the most excitement, porters, rose and left. He was passed between and his hearers, and came so threatening that it was feared it would call for the police.

Mr. Dixon declared that McKimley in the city of New York, the most excitement, porters, rose and left. He was passed between and his hearers, and came so threatening that it was feared it would call for the police.

Then Mr. Bryan and his party were discussed by Mr. Dixon in a way that created the utmost excitement. He said: "The proposition of Mr. Bryan and his followers to pay the bonds of the United States, upon which one hundred cents on the dollar was raised, in coin, worth only fifty-five cents, is downright rascality."

## THE PREACHER HISSED.

Several persons shouted "That's false." "You are wrong." "Shut up!" "That's not right." "You don't know what you are talking about." For a moment Mr. Dixon hesitated and seemed stunned, but soon recovered himself and exclaimed: "If the Government does that, I go into the lunatic asylum."

He was again interrupted by loud and prolonged hissing and shouts of "That's not right." "You don't know what you are talking about." One gray-haired man arose and said: "I won't stand this any longer," and rushed from the building. He was followed by 50 others, who cried "Shame!" as they left the room.

The sensational preacher became nervous and turned very pale, but was reassured by the applause of those who sympathized with him.

## LEFT THE CHURCH.

"What Bryan and his followers propose," resumed Mr. Dixon, "is to permit me to pay \$1,000 that I have borrowed with \$500." Again the hissing began and some one shouted "Liar!" Men and women from all parts of the hall arose and left the room, many of whom hissed as they went out.

Mr. Dixon resumed talking again by saying that Mr. Bryan and his followers propose to let the insurance companies pay widows and orphans in a depreciated currency. Here a man shouted "I am going to vote for Bryan," and several persons exclaimed, "Good! That's right!"

Dixon continued for some time in an inflammatory and indecent manner, rehearsing the stock arguments of gold bugs who do not know anything of the trend of the money question. The vulgar display lost votes for McKimley.

## REPUBLICANS FOR BRYAN.

A Son of Judge Morrow.

Somerset, Ky., Sept. 8. -Hon. W. A. Morrow, of Somerset, son of Judge T. Z. Morrow, the Republican nominee for Governor in 1883, and himself a leading Republican politician and speaker, has come out for Bryan and Sewall. Some weeks ago Judge A. A. Lewis, also a prominent Republican leader, declared himself a convert to silver, and will vote for Bryan. It is said that Judge Morrow himself is on the fence and may follow his son's example.

child whose life is a tragedy. The country is defrauded and the picture is dwarfed. It is a good thing in the country to simply live. To-day we are sitting around a bright fire in the cozy living room, for it is just a little chilly out of doors. Each one is busy with his own thoughts. A delicious odor comes from the direction of the kitchen and I feel sure Aunt Fannie is putting forth her best efforts to place before us the tempting dishes, that are so easily and bountifully supplied in the country. Yesterday we took a long tramp through the meadow down to the woods, in search of ripe grass and scarlet berries, for winter bouquets. On our way home we stopped at an old, old graveyard. The inscription on the tombstone of one grave told us John A. Clark, died in 1894, and Mary Clark, his wife, a few years later. There were some half dozen graves, all very old. The stones were moss-grown and broken. A groovy number of cedar trees surrounded the graveyard, like sentinels keeping a lonely watch over the dead, so long ago laid there.

The farmers are busy following for the next crop of wheat and a large crop too, notwithstanding the cry of "hard times," low prices and over production. I find a fascination in watching the team go round and round, the bright plowshare turning over the brown earth, a busy gong following in the furrow, who's loud "woah now," reaches me as I write the children may be ready for school Monday. We will be sorry to leave those who have so kindly aided in making our visit so pleasant. Yes, we will be home better prepared for the work that awaits us and long for another summer to come, that we may again enjoy the rest and pleasure of a visit here. M. Y. H.

In memoriam. On Tuesday, Sept. 1, at the home of her son, T. P. Ford, near Pee Dee, Ky., the spirit of Mrs. Nancy A. Ford quitted this life and lifting the veil of futurity, entered upon the life immortal.

Mrs. Ford was the widow of John J. Ford. She was born in Rutherford county, Tenn., in 1822, moved to Kentucky when she was quite young and was married in 1848. To those who knew her no words of eulogy are necessary or can add anything to the crown of christian virtues which made her life a mirror for their reflection. She occupied an exalted position in this life, but if there be precedence in Heaven no higher seat than hers will be there. She knew no ill of anyone or if she did she never told it. Gossip may have assailed her ears but her tongue never repeated it.

Farrell's sweet sister, no purer spirit than thine ever winged its flight to Heaven, where, sometime in the "sweet bye and bye," we hope again to meet thee. S. F. E.

J. M. ADAMS, Agent.

Hon. Chas. K. Wheeler, the Democratic nominee for congress, has been highly honored by an invitation from the committee in charge to go to St. Louis and be one of the speakers at the Bryan ratification in that city. The invitation states that he has been selected as the speaker immediately preceding Mr. Bryan—Paducah Register.

After an absence of eighteen months Louis Filcher is again at the editorial desk of the Nicholasville Democrat, and the firm is again Filcher Bros. There will be no change in the political policy of the Democrat, which will continue to be aggressively Democratic for Bryan and Sewall and the Chicago platform.

About two weeks ago a child was born to Bettie Osborn, who lives in Tennessee, who has neither hands nor feet. The mother of the child lives with her father high upon one of the Cumberland peaks. The mother of the child is very ignorant and graded, as is her father.

Ward's band will accompany the Bryan and Sewall club to Henderson, over the O. V. M. Monday.

The week's failures includes a national bank at New Orleans.
